

GT911 IC LCD Display Module 800x480 6.2 Inch Capacitive Touch Screen

Our Product Introduction

Basic Information

- Place of Origin: ShenZhen, China
- Brand Name: Chenghao/Oem
- Certification: ROHS、ISO9001、CE
- Model Number: CH620WV01A-CT
- Minimum Order Quantity: 100 pcs
- Price: /
- Packaging Details: All the products are packed in right way to keep it safe. For small sizes of products we use tray + carton, For bigger sizes we use foam slot + carton. we also design packages according to customers' requirements
- Delivery Time: 7-15 working days
- Payment Terms: T/T
- Supply Ability: 300Kpcs/month

Product Specification

- Product Name: Small Tft Monitor
- Lcd Type: 6.2" TFT+CTP
- Resolution: 800x480
- Gray Scale Inversion Direction: 6 O'clock
- Interface: 24bit Parallel RGB Interface
- CTP Type: G+G
- Surface Hardness: 3H
- CTP Driver IC: GT911
- Highlight: GT911 IC LCD Display Module,
GT911 IC LCD Capacitive Touch Screen,
6.2inch Capacitive Touch Screen Module

Product Description

GT911 IC LCD Display Module 800x480 6.2 Inch Capacitive Touch Screen

6.2 Inch Tft Lcd Display Module 800x480 Capacitive Touch Screen

Specification of lcd screen module

Module No	CH620WV01A-CT
Lcd Type	6.2" TFT+CTP
Resolution	800*480 dots
Viewing Direction	12 o'clock
Interface	RGB
TP type	Capacitive

Description Of tft color screen

Chenghao Optoelectronic CH620WV01A-CT is a 7 inch capacitive touch screen color lcd display module equipped with a 800*480 horizontal screen display area. The lcd module uses TN display mode, the best viewing angle of the screen is 12 o'clock, and supports information exchange with external devices through 24bit parallel RGB interface. In addition, the display adopts a wide temperature design, which can operate normally in the environment of -20~+70 , and has a service life of more than 30000H. It is usually stored in the environment of -30~+80 .

Quick detail of small lcd module

Keyword: **custom lcd display module**

Part No: CH620WV01A-CT

Manufacture: Chenghao Optoelectronic

Lcm Type: 6.2" TFT+CTP

Display Mode: Transmissive/TN/Normally White

Number of dots: 800*3(RGB)*480

Color Pixel Arrangement: RGB vertical stripe

Viewing Direction: 12 o'clock

Gray Scale Inversion Direction: 6 o'clock
Interface: 24bit parallel RGB interface

CTP type: G+G
Surface Hardness: 3H
CTP Driver IC: GT911
CTP Interface: I2C

Module size: 155.2(W)×88.2(H)×6.78(T) mm
Active area: 137.4(W)×77.28(H) mm
LENS viewing area: 138(W)×77.88(H) mm
TFT Dot pitch: 0.1717 (W)×0.1610 (H) mm
Weight: TBD g

Application Of tft color display

As a full color touch screen lcd module, Chenghao Optoelectronic CH620WV01A-CT can provide customers with CE/RoHS/FCC certificates in compliance with European and American regulations, one-year warranty and remote online technical support services. The display module can be widely used in various industries, such as household refrigerators, smart coffee machines, car navigation systems, medical displays, etc.

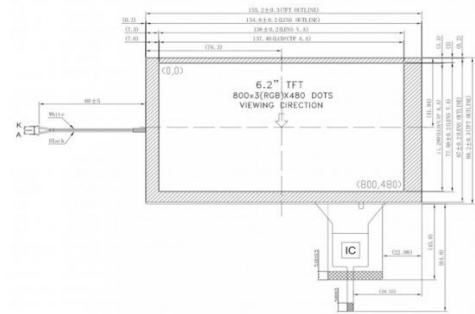

Why Choose Chenghao Optoelectronic ?

First of all, Chenghao Optoelectronic is an enterprise integrating industry and trade, with its own TFT Lcd manufacturing plant, R&D technical department team, sales team, which means we can provide you with the highest quality products and the best service. Our supply capacity reaches 300K pcs/month, you can enjoy the most stable supply and the fastest logistics.

Secondly, Chenghao Optoelectronic provides a one-stop LCD display solution, where you can find all the LCD display products you need, and get our professional advice and technical support. We support OEM, ODM services, and can design and produce according to your needs to meet your individual needs.

In addition, Chenghao Optoelectronic has many years of experience and rich technology accumulation, we can provide you with the most reliable products and the most efficient solutions. Our factory has completed ISO9001 certification, and our products have also obtained CE, FCC, RoHS certificates, which means we can provide you with high-quality products and the strictest quality assurance.

Finally, Chenghao Optoelectronic provides professional, one-to-one, 24-hour online customer service, remote online technical support from engineers, and one-year product warranty service. Our customers

can enjoy factory direct selling prices, and our engineers can directly connect with customers to help solve customer problems. Our long-term and stable supply can also ensure the continuous development of your business.

To sum up, Chenghao Optoelectronic is a high-quality supplier of LCD products, we can provide you with the best service and the most reliable products, why choose us, the answer is self-evident

FAQ

1. How to ensure the quality of the products?

Chenghao Optoelectronic has its own TFT Lcd manufacturing plant, R&D technical department team, sales team, and has passed ISO9001 certification. If you need, we can provide you with CE, FCC, RoHS certificates.

2. How about the price of your products?

The price concessions provided by Chenghao Optoelectronic are transparent, we will try our best to provide you with the best price, and we will also provide you with the most suitable solution according to the different characteristics and needs of the products. If you have any

questions about the price, please feel free to contact our customer service.

3. How is your service?

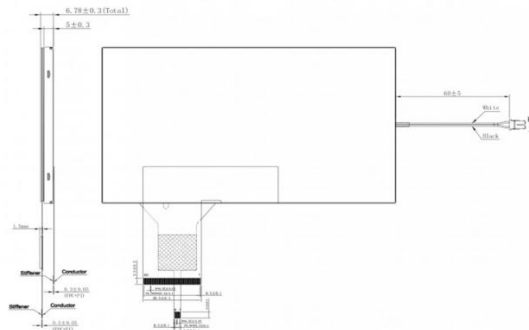

Chenghao Optoelectronic provides 24-hour online customer service, you can find our contact information on our website. Our customer service team is always on hand to answer your questions and provide technical support and advice. At the same time, we also provide engineers with remote online technical support to help you solve problems in product use.

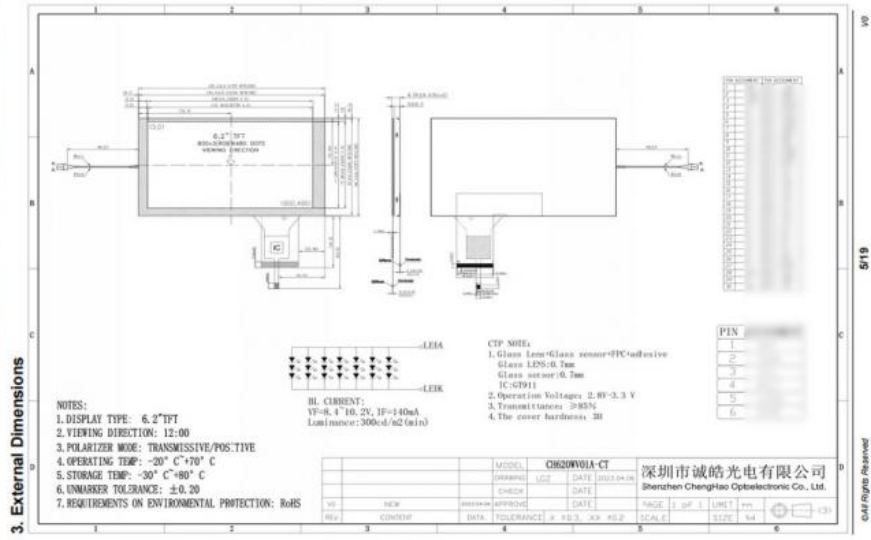

4. How about your supply ability?

Chenghao Optoelectronic has a supply capacity of 300K pcs/month, our supply is stable, and we can provide fast logistics support. If you need urgent supply, we can also provide expedited service.

5. What is your competitive advantage?

Chenghao Optoelectronic has many years of experience and rich technical accumulation. The products we provide are characterized by high quality, high efficiency and stability. At the same time, our engineers can directly connect with customers, assist in solving customer problems, and provide customers with the best service .
